At TEDxHarare, where X = independently organised TED event, we celebrate the transformative power of ideas for improving the way citizens of the world live, learn, work and play. We will honour African innovators who's passion, curiosity and dogged resolve is paving the way into a newer, brighter future for Zimbabwe and the continent.

TEDxHarare will bring together those phenomenal professors, entrepreneurs, story tellers and remarkable artists who contribute to the vast potential that is Africa's future.

## About TEDx

In the spirit of ideas worth spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, TEDTalks video and live speakers combine to spark deep discussion and connection in a small group. These local, self-organized events are branded TEDx, where x = independently organized TED event. The TED Conference provides general guidance for the TEDx program, but individual TEDx events are self-organized.
